TITLE: PAKISTAN BIBLE CORRESPONDENCE SCHOOL (PBCS)
ADDRESS: HABIB BANK LTD. CIRCULAR ROAD BRANCH, FAISALABAD, PAKISTAN.

Project Submitted on: August 26, 2022.

Respected Sir/Madam,

Greetings to you! We hope you are doing well and busy serving the needy people. PBCS is serving as an outreach Ministry and providing the Humanitarian services as well. PBCS is a registered outreach ministry in Pakistan. It was established in 1957 with a vision to reach out preferably to those who never heard the message of salvation, and then to Christians with God's Word through English and Urdu Bible Correspondence Courses. We have a variety of programs and humanitarian aid projects as well.

Pakistan's present situation after heavy monsoon rainfall and floods

This June to August 2022, the rainfall and floods in Pakistan have affected almost 2.3 million people. Since mid-June at least 95,350 houses have been destroyed and more than 224,100 were damaged. Sindh and Balochistan are the two most affected provinces in terms of human and infrastructural impact. Over 504,000 livestock have been killed, nearly all of them in Balochistan Province, while damages to nearly 3,000 km of roads and 129 bridges have impeded access across flood-affected areas. At the request of the Balochistan Provincial Disaster Management Authority (PDMA), a multisector rapid needs assessment was undertaken in 10 districts of Balochistan to identify priority needs and gaps across sectors.

The majority in Sindh province, taking the death toll to 777 since mid-June, and 59,665 houses were damaged, taking the total damaged houses to 176,436, mostly in Sindh and Balochistan. According to National Disaster Management Authority (NDMA), as of 21 August, around 1,868,098 people were rescued, and 317,896 individuals are living in relief camps across the country. In Sindh, as of 20 August, 1,356,863 people are affected, with 309,944 households affected and around 495,381 displaced due to floods in the province. KPK Province and Southern Punjab also became destroyed by flood. Here are a few links for direct news:

<https://www.bbc.com/news/av/world-asia-62662927>

KARACHI: Sindh Chief Minister Mr. Syed Murad Ali Shah in his emergent televised message aired live by all news channels has urged philanthropists to come forward and help rain and flood-affected people of the province. <https://tribune.com.pk/story/2372951/sindh-govt-calls-for-help-for-distressed-displaced-flood-affected-people>

LAHORE: Chief Minister of Punjab Mr. Pervaiz Elhai pledges a relief package for flood-affected and declared all flood-hit areas calamity-hit and announced the emergency, waiving off water rates and land revenue in flood-affected areas of Rajanpur, Taunsa, Dera Ghazi Khan Esakhel. <https://www.thenews.com.pk/print/984672-pervaiz-pledges-relief-package-for-flood-affectees>

Humanitarian partners are supporting the Government-led response in affected areas, providing resources to meet the most urgent needs while working to further scale up the response. Although, the Government of Pakistan is doing something to save the affected people due to limited sources it is becoming hard to manage and help to secure the flood victims.

PBCS has already done some work for the relief of Earthquake victims in 2005 and flood victims in 2010. We distributed blankets, clothes, and food items for flood relief in 2010.

PBCS Old Pictures darnning distribution in 2010

One of our five centers is the PBCS Hyderabad center. We have come to know about the situation through print and electronic media and even Mr. Nawaz (Principal of PBCS Hyderabad Center) has also reported to us about the dangerous circumstances prevailing in the Sindh Province. One of our Staff members Mr. Arbello (PBCS Hyderabad Center) also reported that his whole town including his own house was destroyed by the flood. He is also one of the victims where almost 300 families have lost their houses. All affected villagers are in need of shelter and food etc.

At this time, it is an urgent request to support the victims of rainfall and flood in Pakistan. Normally, the winter season starts in October. The victims will need warm clothes and other necessities for their families as well.
